*If today you hear his voice,
harden not your hearts.*

From the USCCB Dated July 19:

Last Friday, the U.S. House of Representatives passed the Women's Health Protection Act, H.R. 8296, by a vote of 219 to 210. This bill would impose abortion on demand nationwide at any stage of pregnancy and would eliminate pro-life laws at every level of government -- including parental notification for minor girls, informed consent, and health and safety protections specific to abortion facilities. H.R. 8296 also would compel all Americans to support abortions here and abroad with their tax dollars and would likely force health care providers and professionals to perform, assist in, and/or refer for abortion against their deeply-held beliefs, as well as force employers and insurers to cover or pay for abortion.

Archbishop William E. Lori of Baltimore, chairman of the U.S. Conference of Catholic Bishops' (USCCB) Committee on Pro-Life Activities and Cardinal Timothy M. Dolan of New York, chairman of the USCCB's Committee for Religious Liberty, issued the following statement:

"The majority in the House of Representatives voted last Friday to pass the most unjust and extreme abortion on demand bill our nation has ever seen. Answering the needs of women by promoting taxpayer-funded elective abortion, as this bill would do, is a grave evil and a failure to love and serve women. Offering free or low-cost abortions, instead of increasing the resources women need to care for themselves and their children, is not 'choice' but coercion and callous abandonment. Simply repeating the mantra that abortion is healthcare doesn't make it so. Deliberately ending the lives of defenseless and voiceless human beings is the antithesis of healthcare.

"We implore those who see abortion as a legitimate 'solution' to the needs of women to abandon this path of death and despair. Instead, we invite all to join us in pursuing a vision we presented in [Standing with Moms in Need](#), a vision that upholds the truth that every human life is sacred and inviolable—a society in which the legal protection of human life is accompanied by profound care for mothers and their children. We exhort our nation to prioritize the well-being of women, children, and families with both material resources and personal accompaniment so that no woman ever feels forced to choose between her future and the life of her child."

Let us pray today for the protection of life especially the unborn.
