Working together

In the past few weeks, there have been examples of parishes in the ACC working together. At Holy Spirit on the Easter vigil, it was a sharing of Holy Spirit and Newman people and resources. Many spoke of how wonderful the celebration was.

It led me to think about how we could work together in the future amongst all three parishes in our cluster.

I want to do some thinking about this at parish councils and maybe come together to think about this in a bigger way.

The other experience that we had was for first communion retreats. We had two first communion retreats for the six parishes of our ACC. Each of these retreats had over 30 families at them. They were good gatherings of preparation, prayer and fellowship. We are looking for ways to incorporate this more into our parish lives.

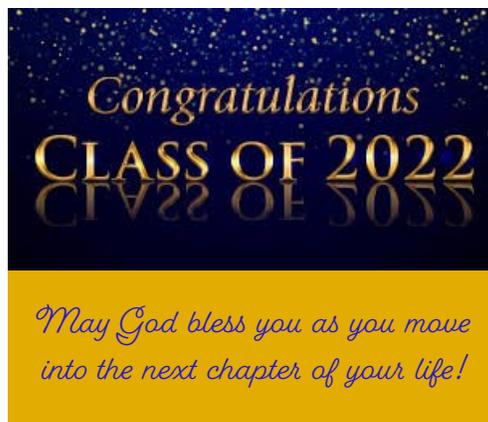

We are looking at hiring for religious education/youth ministry personnel across the ACC for next fall.

On our Spirit and Saints cluster side, Janice is doing the financial work for all three parishes. She is very gifted at this.

In these coming years we will certainly be working closer together amongst our parishes. Thank you for your desire to meet your neighbor in a new way.

Blessings,

Fr Joe

Substantial Eucharistic Bread

As of Holy Thursday 2022, the Newman Center has brought back the tradition of substantial bread for the Eucharist. By using bread that has a familiar appearance, the faithful are helped in making the connection between liturgy and life. In addition, the ministry of baking bread for the liturgy highlights the connection between “what earth has given and human hands have made” and the Eucharist offered on the altar. As is seen in the GIRM (*General Instruction of the Roman Missal*):

320. The bread for celebrating the Eucharist must be made only from wheat, must be recently made, and, according to the ancient tradition of the Latin Church, must be unleavened.

321. By reason of the sign, it is required that the material for the Eucharistic Celebration truly have the appearance of food. Therefore, it is desirable that the Eucharistic bread, even though unleavened and made in the traditional form, be fashioned in such a way that the Priest at Mass with the people is truly able to break it into parts and distribute these to at least some of the faithful...the gesture of the fraction or breaking of bread, which was quite simply the term by which the Eucharist was known in apostolic times, will bring out more clearly the force and importance of the sign of the unity of all in the one bread, and of the sign of charity by the fact that the one bread is distributed among the brothers and sisters.

The use of home-made substantial bread for the Eucharist is in keeping with the law and tradition of the Church, and we are blessed to have such great bread-baking ministers to share their gifts with us. If you are interested in being a part of this bread-baking ministry, contact the office for more information!
